CONGRESSMAN SLAIN

LEADER OF THE LIBERAL PARTY
IN CUBA IS KILLED AT
CIENFUEGOS.

CHIEF OF POLICE ALSO SHOT

CONFLICT BETWEEN POLITICAL
PARTIES RESPONSIBLE FOR
THE TRAGEDIES.

Havana, Sept. 23.—Official dis-
patches received Friday afternoon
from Cienfuegos announced the kill-
ing of Congressman Enrique Villuen-
das, leader of the Liberal party and
the most able orator in the lower
house, and the chief of police of Cien-
fuegos during a conflict between the
two political parties, the Liberals and
Moderates.

The government advises say the po-
lice had information that within the
hotel in which Villuendas resided a
quantity of arms had been deposited
and they went to the hotel to investi-
gate the matter. As the police as-
cended the stairs they were met by
a party of Liberals, who fired on them,
killing Chief of Police Illance. The
police returned the fire, killing Vil-
luendas and wounding several others.

Intense excitement prevails at Cien-
fuegos and Havana.

The government authorities fear the
result which the affair may have up-
on the election of members of the
election boards, which will be held
during the day.

As the news spreads throughout
Havana the Liberals and Moderates
are rapidly gathering in their respec-
tive clubs and it is feared that unless
the leaders give wise counsel a clash
may result.

A dispatch to the Associated Press
from Cienfuegos says that six per-
sons were killed and twenty-five
wounded during the conflict.

Dispatches to the government say
that besides Congressman Villuendas
and Chief of Police Illance, two po-
licemen were killed and a number of
policemen and civilians wounded.
Rural guards are around the entire
block in which the Hotel Suizo, the
scene of the affair, is situated. One
telegram says that Villuendas fired
the shot which killed the chief of po-
lice, while according to another tele-
gram the shot was fired by Jose Fer-
nandez, a Liberal, who has been ar-
rested.

Dynamite Bombs Found.

A search of the hotel revealed two
dynamite bombs in the room occupied
by Villuendas. The police in search-
ing the hotel were carrying out the
order of a judge who was informed
that explosives were hidden there.

The government has received a
telegram from Senator Frias asking
it to send reinforcements at once.

The telegram says:
"While in Cienfuegos at present the
forces are keeping order, every pre-
caution is needed, as there is danger
of assault. I recommend that the au-
thorities prevent the entrance into
Cienfuegos of probable trouble-mak-
ers who are likely to invade the city.
There are fears of dynamite bomb
throwing."

Acting on the advice of Senator
Frias, the government sent a train of
five cars loaded with rural guards, the
largest number of whom are destined
for Cienfuegos, while the others will
be distributed in Matanzas and Santa
Clara, where advices received by the
government indicate serious trouble
may occur at any time. The train
also carries artillery and the troops
are supplied with 13,000 rounds of am-
munition.

The feeling in Havana is most in-
tense. The Liberals are bitterly de-
nouncing the government, saying they
have received no advices from Cien-
fuegos because the government will
not permit the use of either the gov-
ernment telegraph lines or of the
cable lines.

An extra session of the house of
representatives was held Friday night
at which the disturbances at Cien-
fuegos were discussed.

Extra editions of the Liberal papers
issued here place the entire blame for
the disturbances upon the government.

One Liberal Wounded.

Havana, Sept. 23.—According to ad-
vices received by the government
from Santiago De Los Baños, three
Liberals entered the Moderate club
there Friday, firing revolvers and
waving machetes. They were arrest-
ed by rural guards after one of them
had been wounded.

One Killed and Another Injured.

Winnemac, Ind., Sept. 23.—Fast
mail train No. 19 on the Pennsylvania
line, westbound, struck a buggy, in-
stantly killing Miss Minnie Enyart,
fourteen years old, and slightly in-
juring her sister, Miss Blanche En-
yart.

REACH AN AGREEMENT.

Germany and France Settle Disputed
Points on Moroccan Question.

Paris, Sept. 23.—Information ob-
tained from a well informed source
is to the effect that Dr. Rosen, the
German minister to Morocco, and M.
Revoil, representing France, reached
a complete agreement on all the dis-
puted points of the Moroccan ques-
tion in the course of their conference
Friday.

Both parties are entirely satisfied
with the arrangements. Premier
Rouvier and Prince von Radolin, the
German ambassador to France, met
at the foreign office after the nego-
tiators had reached an agreement, and
conversed most cordially.

It is understood that Dr. Rosen and
Premier Rouvier will meet during the
day in order to formulate and sign
definite terms of agreement relative
to the programme to be discussed at
the international conference on re-
forms in Morocco.

The above may not be regarded as
official, but the source from which the
information came leads to the belief
that the lengthy pourparlers are now
concluded and that accord merely
awaits the signatures of the repre-
sentatives of the two governments.

ARKANSAS NEGRO LYNCHED.

Sheriff of Conway Believes Wrong
Man Was Hanged.

Little Rock, Ark., Sept. 23.—A spe-
cial to the Arkansas Gazette from
Conway, Ark., says that Frank Brown,
a negro, was taken from jail there
late Friday night to the outskirts of
the town and hanged by a mob. The
lynching was so quietly done that few
of the townspeople knew of its occur-
rence. The negro was held for as-
saulting a Mrs. Lawrence, killing her
six-year-old son, and stabbing her
baby daughter. He was hanged in
front of the house occupied by Mrs.
Lawrence. The negro, it is said,
made a confession.

Sheriff Harrell of Conway, when
seen here, said he thought the wrong
man had been lynched, and that the
man he now has under arrest here is
the one who committed the crime for
which Brown was lynched.

PRELIMINARY AGREEMENT.

Will Probably Be Signed by Commis-
sioners at Karlstad.

Karlstad, Sweden, Sept. 23.—The
commissioners of Norway and Sweden
went into plenary session early Fri-
day evening and remained in session
until 1 o'clock Saturday morning.
Several points regarding the fortifi-
cations still remain undecided but it
is believed possible that a preliminary
agreement will be signed during the
day.

Karlstad, Sweden, Sept. 23.—For-
eign Minister Wachsmeister, who
heads the Swedish commission, says
there is no foundation for the report
published in the Aftenbladet of Stock-
holm Friday to the effect that he had
informed the representatives of for-
eign powers that all difficulties in the
way of a settlement of the Swedish-
Norwegian dispute had been over-
come.

PROSECUTION OF RAILROADS.

Will Follow Conviction of Packing-
house Officials.

Chicago, Sept. 23.—Prosecution of
the railroads for violations of the
Elkins law relating to rebates will
follow the conviction of the four of-
ficials of Schwarzschild & Sulzberger
for conspiring to receive rebates in
the conduct of the packing business
of the company. District Attorney
Morrison made the above announce-
ment Friday.

As the Elkins law makes no distinc-
tion in guilt between the party re-
ceiving a rebate and the one giving
it, the government is now in a po-
sition to begin proceedings against the
railroads mentioned in the indictment
through a new investigation before
another grand jury.

FRANCE IS INDIGNANT.

Offensive Treatment of Acting Minis-
ter to Venezuela the Cause.

Paris, Sept. 23.—The offensive atti-
tude of Venezuela toward M. Taigny,
the French charge d'affaires at Ca-
racas, has aroused indignation in of-
ficial quarters here. Although the mi-
nistry has not yet taken definite action
it is said in the highest quarters that
Premier Rouvier undoubtedly will de-
mand that Venezuela disavow the of-
fensive action and adopt a course con-
formable with the usual courtesies of
diplomatic intercourse. Unless Ven-
ezuela apologizes soon, a naval dem-
onstration may be made against her by
France.

RECEIVER IS APPOINTED.

For Securities Held by Former Audi-
tor of Indiana.

Indianapolis, Sept. 23.—John E.
Reed, settlement clerk in the office of
the auditor of the state, was appoint-
ed by Judge Allen of the Marion county
circuit court receiver for the securi-
ties held by David E. Sherfick as au-
ditor of state in accordance with the
petition filed Thursday by Attorney
General Miller for the state of In-
diana.

SEEKS INDEPENDENCE

FINLAND MAY WAGE WAR ON
RUSSIA IN ORDER TO REGAIN
HER FREEDOM.

READY FOR CALL TO ARMS

THREE HUNDRED THOUSAND FIN-
LANDERS AWAIT THE SIG-
NAL FOR ACTION.

Helsingfors, Finland, Sept. 23.—
War against the authority of the czar
in an effort to secure independence in
Finland is believed to be imminent.
It is asserted that 300,000 Finnish
Turners, officered by Swedes, are
ready at the first call to arms. Sup-
posed charity societies are said to
have collected a war fund of 100,000-
900 rubles (\$51,000,000). Eleven car-
goes of ammunition have been landed
and distributed. Guns for the revolu-
tionists have been supplied and care-
fully concealed.

Nine hundred representatives of the
Finnish people were to have met in
Helsingfors within the past few days
to proclaim the independence of Fin-
land, but a shipwreck which occurred
a fortnight ago disarranged the plans
of the leaders and prevented the meet-
ing. A prominent Finnish senator
said:

"That shipwreck has only delayed
our independence. The treaty of 1809,
which united Finland to Russia, did
not give the latter suzerainty over the
former, but joined the two in a union
similar to that between Sweden and
Norway.

"The parties to the union were free
to withdraw at will. If home rule is
not granted us, and Russian encroach-
ments are not stopped, we will se-
cede."

A large increase in the number of
Russian troops in Finland is expected
soon. About 4,500 will be sent to
Helsingfors, 900 will go to Viborg, and
900 to Vasa. The troops will be quar-
tered in private houses.

Wins Golf Championship.

Hamilton, Mass., Sept. 23.—Willie
Anderson, who played from the Apa-
wams club of Rye, N. Y., won the
open golf championship of America at
the Myopia Hunt club Friday for the
fourth time in five years. Anderson's
score for the 72 holes was 314. Ander-
son holds the championship cup for
another year and gets \$200 and a gold
medal.

Encampment at an End.

Gettysburg, Pa., Sept. 22.—The last
session of the national encampment,
Sons of Veterans, was held Thursday.
Colonel H. V. Sepeelman of Cincinnati
was chosen commander-in-chief, and
Peoria, Ill., was selected as the next
place of meeting. Thursday afternoon
the parade of the Sons of Veterans
was given.

IF THE statement that is repeatedly made that the establishment of rural mail routes injures the saloon business and practically cuts the business in two in the rural districts the temperance element have reason to rejoice for new routes are being established daily and it is only a question of time when the settled portion of the country will be covered with rural routes in every direction. A gentleman in St. Cloud in conversation with a representative of the Journal-Press commenting on the subject says: "The establishment of the rural routes has injured the saloon business more than any other line, and the country saloonmen complain that their farm trade has been almost cut in two by the establishment of the rural delivery service through the country."

John O'Shea Had Stroke of Apoplexy Which Resulted in His Death Yesterday Morning

It was at first thought that John O'Shea who died at the Lightner place yesterday morning committed suicide but this has been found not to be so. Coroner Gibson brought the remains to the city yesterday afternoon and a post mortem was held last night. Drs. Batchelder and Thabes being called in. They decided that the man died from the effects of a stroke of apoplexy.

The deceased comes from a very fine family and has a sister living at La Crosse, Wis., Mrs. John Gort and she is expected in the city before Monday. The report that the old gentleman was a subject of charity is hardly right. He was working for his board on the Lightner place.

ON SYNDICATE DEALS

FINANCIAL MANAGER OF THE
EQUITABLE LIFE SOCIETY
TESTIFIES.

ARE NOT EASILY OVERCOME

GROVER CLEVELAND WRITES A
LETTER ON OBSTACLES TO
MUTUALIZATION.

New York, Sept. 23.—Syndicate operations of the Equitable Life Assurance society were taken up by the insurance investigating committee and consumed the entire afternoon session. Henry R. Winthrop, assistant secretary and financial manager of that society, was called to the stand immediately after the recess and presented and swore to a record of syndicate participations of his company, also to a record of sales and purchases of securities for the past five years. He detailed as far as he was able the transactions of the syndicate of "J. H. Hyde and associates" and took memoranda of all information he was unable to supply, which is to be presented at a later date.

One of the operations was in Atlantic Coast line bonds in which "J. H. Hyde and associates, the Equitable participating as a member," paid \$1,376,095 on call and received \$114,500 profits. Mr. Winthrop said there was nothing on the Equitable books to show who the "associates" were nor what was Mr. Hyde's personal profit. The Equitable participated also in a Union Pacific syndicate in the name of J. H. Hyde and when asked by what authority the society assumed the responsibility of Mr. Hyde's personal operations Mr. Winthrop produced the minutes of the finance committee in July, 1905, showing a written assignment to the company by Mr. Hyde of his interest in this syndicate. The society had paid into that syndicate \$1,670,000.

Just before Mr. Winthrop was examined Mr. Hughes read a long letter from Grover Cleveland, who is a trustee for the policyholders in the Equitable under the Thomas F. Ryan trust agreement. The letter was offered in evidence. Mr. Cleveland detailed the progress of the trustees in mutualizing the company and said:

Obstacles Not Easily Overcome.

"The obstacles that lie in the path of proposed mutualization are so inherent that even with the greatest study and care they cannot be easily overcome."

In conclusion Mr. Cleveland said: "In common with all others who desire the best conditions in this important field of business, where people have so much at stake, the trustees acting for the policyholders of the Equitable society will gladly welcome any aid in their work which may result from the labors of your committee."

At the morning session Thomas A. Buckner, vice president of the New York Life Insurance company, described the agency system of the company and the method of paying bonuses.

A "nylic" system inaugurated by this company, separating the agents who create business into grades according to term of service, was explained and these bonuses Mr. Buckner testified were charged to renewal premiums. Monies received by agents from "nylic," Mr. Buckner said, were in addition to the regular agents' commissions.

Witness said, when asked how expensive such a system might be, that the total payments to "nylic" members aggregated less than one per cent of the total premiums.

Mr. Hughes asked for full statements of the amounts written in the United States and Canada, also separate statements relating to foreign countries, showing premiums and commissions paid that it might be ascertained how much, if any, the business of the New York Life Insurance was being extended in the foreign field at the expense of the American policyholder.

Clarence H. Venner, banker and broker, of No. 33 Wall street, sent an open letter Friday to John A. McCall, president of the New York Life Insurance company, regarding recent revelations in insurance finance, demanding his retirement. Mr. Venner is a \$50,000 policyholder.

BRainerd TWO DECADES AGO Descriptive Matter Published at That Time of the City Now Appears Interesting **"CITY OF THE PINES" THEN** The City Had a Board of Trade Then and H. J. Spencer Was The First President

In going through some old papers a pioneer resident of Brainerd run across a booklet containing descriptive matter regarding the city of Brainerd taken from Barrett's city directory published about twenty years ago and in reading it over some interesting comparisons may be drawn that are interesting to both new and old residents. On the title page there is a line which serves as a reminder that in 1886 the volume of business done in Brainerd was \$925,000.

In referring to the development of the city at that time the book says, "The development of manufacturing enterprises of Brainerd forms no inconsiderable factor in her growth and business prosperity. Aside from her lumbering and railroad interests the support of the business of the city is derived from its manufacturing concerns."

Next to the N. P. shops in those days the most important manufacturing establishment was the saw mill of J. J. Howe & Co. Other manufacturing establishments were: White & Davis, Brainerd Manufacturing company and the Brainerd Brick Co.

In referring to the churches there were eight at that time, the Congregational, Catholic, Baptist, Episcopal, Methodist, Norwegian Lutheran, Swedish Baptist and Swedish Lutheran, and the article goes on, "In addition to these the Y. M. C. A. people, who have a very strong organization here are at present erecting a chapel in the public park opposite the N. P. depot."

There were five school buildings then as follows: High school, First ward, Second ward, Third ward and West Brainerd. There were 700 pupils enrolled the year preceding.

The Sleeper opera house is described as being one of the finest amusement places in the state, built of red brick 62x125 feet and 65 feet high, with a seating capacity of 1000 people.

Referring to the press of the city there was one daily at the time and four weekly papers, "which are fully up to the standard of western journals." The daily was The News, edited by A. Dewey, then there was The Tribune, by Halsted & Pennell, The Dispatch, by Ingersoll & Wieland and The Journal, by H. C. Stivers.

The Brainerd city band under the leadership of Prof. Dresskell took first prize at the Detroit tournament in July 1884 and Prof. Dresskell also took first prize as a coronet soloist.

Company K, Third Regt. M. N. G., was organized in the spring of 1887, but this company was mustered out a few years afterward.

The Board of Trade was officered as follows: President, H. J. Spencer, vice president, L. P. White Sr., secretary, O. H. Havill and treasurer, D. M. Clark. The executive board consisted of A. F. Ferris, H. I. Cohen, J. L. Smith, I. U. White, J. H. Koop, S. F. Alderman, H. C. Miller, F. B. Hubbard and M. Cullen.

In conclusion the author of this little booklet says:

"With a class of business men and citizens always keen and alive to public interests and improvements, helpful and obliging to one another and possessed of all those necessary elements which make business successful and life a pleasure, it is easy to conjecture that the future of Brainerd will be still more easy to conceive of a city of twenty thousand, and that the fair and goodly heritage which its people now possess will always attract the brains, intelligence and wealth of the country."

EXPERIENCE WAS VERY EXCITING

**Harry Glunt Nearly Loses His Life

**SAVED A WOMAN'S LIFE
But Nearly Lost His Own by Being
Thrown Under the
Cars.**

J. M. Glunt recieved a letter from his son, Harry Glunt, who is out west rail-roading in which he relates an incident in which he nearly lost his life a few nights ago. The story is best told in the young man's language as follows:

"I have a strange experience to relate to you. Our crew caught No. 3 out of Spokane the other night, and I was looking for someone on the train that I might know, but could not find a soul. We were stopped at Pasco to lunch and when "all aboard" was called out we started to pull out pretty fast when a lady rushed out of the lunch room and tried to get on, but just caught the handles and fell, and in this manner was dragging. I dropped off and just as I did she let go. I thought she was a gonner sure but I grabbed her just as she was going under and that was the last I knew until I came to and she was fanning me in the car. I was thrown along under but the box on the wheel caught my shoulder and pushed me away, but it was about as close a call as I want. The trainmaster who was there said he turned his face away because he was sure that I was a gonner. The next morning I got a letter giving me thirty good marks to my credit. When the lady began to thank me for saving her life I discovered that it was none other than Mrs. May Clostermann, who who was formerly Miss May Sage, of Staples, and when I told her my name I thought she would faint. It was a close call for both of us."

MISS ROSSELLE KNOTT MONDAY.

The seat sale for "When Knighthood was in Flower" which will appear at the Brainerd opera house on Monday evening next, opened this morning at H. P. Dunn & Co.'s.

Miss Rossette Knott, who is starring this season in this grand production of "When Knighthood was in Flower," has probably received as many laudatory comments as any living actress. More especially as "Mary Tudor" in her present play has her work been favorably critized. The following expression from one of the best critics of the day, and a severe one, seems to best set forth the opinion of theatregoers in general: "The play 'When Knighthood was in Flower' affords many theatrical opportunities, and these Miss Knott adroitly uses. Her embodiment of Mary Tudor crystalizes into one engaging personality the attributes of authority, impetuosity, intrepidity, force of will, gleeful caprice alternating with tenderness, and ardent passion tempted with both sweetness and mirth. She presents a woman who loves, and who, amid enemies and perils, has the courage of her love. It seems probable that her impersonation shows her personal ideal of womanhood and is but little, if any, removed from a revelation of her actual self. It certainly is an interesting and winning image of feminine variety, integrity, fidelity, romantic ardor and feminine charm." Prices \$1.50, \$1.00, 75 and 50c.

"THE MARRIAGE OF KITTY."

"The Marriage of Kitty," which is to appear at the Brainerd opera house on Wednesday, Sept. 27, for the first time, is a comedy of the most delightful type, with its central figure a young, penniless woman who marries at the instance of her guardian, who is a solicitor, a client of his who must be wed by a certain date or lose a large fortune. "Kitty" is unfitted to earn her living and is promised that she and her husband are to go their separate ways immediately after the ceremony and a divorce is to release her after one year. The plan for the divorce is not carried out as intended, for when "Kitty's" husband meets her again he finds her as fascinating as the audiences which have greeted this play. Miss Alice Johnson, who heads the splendid organization which is under the direction of Jules Murry, is a singer and comedienne of distinctive charm and has a part in "Kitty" that is exactly fitted to her personality.

Truths that Strike Home

Your grocer is honest and—if he cares to do so—can tell you that he knows very little about the bulk coffee he sells you. How can he know, where it originally came from, how it was blended—or with what—or when roasted? If you buy your coffee loose by the pound, how can you expect purity and uniform quality?

LION COFFEE, the LEADER OF ALL PACKAGE COFFEES, is of necessity uniform in quality, strength and flavor. For OVER A QUARTER OF A CENTURY, LION COFFEE has been the standard coffee in millions of homes.

LION COFFEE is carefully packed at our factories, and until opened in your home, has no chance of being adulterated, or of coming in contact with dust, dirt, germs, or unclean hands.

In each package of LION COFFEE you get one full pound of Pure Coffee. Insist upon getting the genuine. (Lion head on every package.)

(Save the Lion-heads for valuable premiums.)

FOR SHERRICK SECURITIES.

Attorney General of Indiana Asks That Receiver Be Appointed.

Indianapolis, Sept. 22.—Late Thursday afternoon Attorney General Charles W. Miller of Indiana filed a petition in the Marion county circuit court asking for the appointment of a temporary receiver to take charge of the securities surrendered to the state by David E. Sherrick, ex-auditor of state. The petition will be heard by Judge Allen during the morning.

The Marion county grand jury investigation of the Sherrick case was slow in getting under way Thursday. Governor Hanley, who was expected to be the first witness, did not enter the jury room until 2:30 p. m. For an hour he remained within the jury room and emerging walked alone to the elevator and departed. Warren Bigler, now auditor of state, was before the grand jury preceding Governor Hanley. In the absence of the governor in the morning D. G. Reed, settlement clerk in the auditor's office, was called, arriving at 11:15. It was almost noon before he was excused. These were the only witnesses heard during the day.

TRADE AND INDUSTRY ADVICES

More Unanimously Favorable Than at Any Other Time This Year.

New York, Sept. 23.—Bradstreet's weekly review of trade says the tenor of jobbing trade and industrial activities is more unanimously favorable this week than at any preceding period this year. At the leading jobbing centers activity continues notable in all lines of dry goods, clothing, shoes and in fact all kinds of wearing apparel. It is further to be noted that secondary points of distribution are sending better advices. Industry is active, iron and steel leading with larger sales and firmer prices in the crude forms inclined to lag. More is doing in the coal and coke industries and prices are hardening. Building material, particularly timber and hardware, reflect unprecedented activity for this season of the year. There is more doing in retail trade, though heavy rains and floods have operated to restrict operations West and North-west. The absence of frost is still the favorable feature in the crop situation, favoring as it does the almost total exemption of corn from damage. The beginning of the heavy spring wheat movement in the Northwest is reflected in better retail trade and collections and the like report comes from portions of the South not affected by yellow fever quarantines, owing to the cotton crop beginning to move. Taken as a whole collections have improved, money is easy; railway tonnage offering is very heavy and labor is well employed.

BODY NOT YET IDENTIFIED.

Massachusetts Woman the Victim of An Illegal Operation.

Boston, Sept. 23.—The identity of the young woman whose headless and dismembered body was found in a suit case, recovered from the waters of Boston harbor at Winthrop Thursday evening, had not been established up to a late hour Friday night. No arrest has been made in connection with the tragedy.

The most important point established beyond doubt was that the dead woman had been the victim of an illegal operation. Death was due to peritonitis, probably the result of septic poisoning.

OPPOSE TREATY RATIFICATION.

Japs Memorialize the Throne Upon the Subject.

Tokio, Sept. 23.—The number of direct memorials to the throne from different associations and individuals condemning the peace treaty and asking that it be not ratified exceeds forty, among which is an address signed by six professors of the Imperial university, one of whom was recently placed on the retired list owing to his strongly worded anti-peace thesis.

\$100 REWARD. \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials.

NOT GRISWOLD'S BODY.

Mystery of Iowa Man's Disappearance Still Unsolved.

Des Moines, Ia., Sept. 23.—Expert Chemist Kinney, who has conducted the examination of the organs of the body supposed to be that of George Griswold, the Des Moines insurance man who was supposed to have been murdered Sept. 13, Friday night made a report in which he expressed the belief that the stomach he examined was not Griswold's, but that of a man who had been dead at least two weeks. This sensational report gives support to the theory that Griswold was not the victim of murder nor suicide, but that he is still alive somewhere. The body taken from the river three days after Griswold's disappearance was not identified except by its clothing, the features were unrecognizable. It is now disclosed also that the stature of the dead body was a couple of inches less than Griswold's. Griswold carried about \$15,000 life insurance and \$5,000 accident insurance. The insurance companies are active, seeking to disprove the murder or the suicide theory.
